

Residential Care Locator

Linking Residents with Accommodations and Care

Sharing Your Information in Real Time

- Up-to-date, searchable databases of detailed information about residential care facilities, adult family homes and more in your community.
- Bed availability and facility-licensure tracking.
- Listings with photos and critical details about eligibility, funding types, specialties, care services, medical supports and other amenities.

Accessible and Searchable

- Easy for your providers to add and update listings in real-time on a desktop computer or mobile device or by calling a toll-free number for live assistance.
- Listings can be searched by specific accommodations and services.
- Interactive map search.
- Searchable online 24/7 and through a toll-free call center.

Call Center Support

- All services are supported by the not-for-profit Socialserve.com call center.
- Toll free, multilingual, accessible: live assistance is available 11 hours each weekday by voice, TTY, email and fax.
